

General Counsel

John:

STAT
[] interpretation of
submitting all items covered under HN []
to the DCI is a correct one; however, con-
SIDERING the DCI's heavy schedule and other
STAT commitments, I wonder if you would entertain
changing HN [] so that only those items
where there is a disagreement between the
appropriate Deputy Directors, the IG, or the
General Counsel would go to the DCI for
resolution and all other items being agreed
to unanimously would not be forwarded.

If you concur, please let me know soonest
and I will initiate a revision to HN []
